Dear Harold,

8-27-76

We are scheduled to leave 9-1, as I indicated yesterday. Mary wants to wait until 9-5, saying I won't be able to take the strain of visiting 30 hours straight on the plane, plus conferring with Jennifer. I think I am already up to it, but it is probably wiser to wait, and I know she wants to stay longer. So we may not get back until Sept. 7 or 8.

I've been thinking of amending 75-1996 again (or filing a new suit), to try to add new defendants (Levi, Kelley, Bottinger, Shaheen, Hornet et al) and a claim that your literary rights are being damaged. I don't know whether this can work, but it may be worth a try.

I think we ought to go to the press on 75-1996 before too long. The best time is obviously at least a couple of weeks in advance of the election.

I've been reading the Schweitzer report here and have nearly finished it. Has there been any response to your FOI request looked on it?

Did you read Mailer's piece in New York Magazine?

If you don't hear anything from June Green's office, don't worry. They'll just wait until I get back. When I talked with her clerk hurriedly, on 8-12, he said "I thought you'd want to reply to that," referring to Sugar's motion to stay. Also bumped into Katt's former clerk that day. He was interested in speedy remand.

best
